

FOCUS SERVICE HOTELS CONCEPT GUIDELINES

Enjoy juice on tap with incredibly easy to use dispensing solutions for either front or back of house.

Create up to 95% less packaging waste; reduce required storage space by up to 95%; minimise transportation emissions; reduce electricity consumption and minimise product wastage.

Choose between:

- Bravanti Plumbed-In Dispenser available with a 2 or 3 flavour option
- Use in combination with our 1+5 concentrate range which comes in a 5 litre box making 30 litres of end product in total per flavour selected
 - Refrigerated tank to pre-chill water before mixing concentrate with integrated water filter and separate water tap
 - Warning light to indicate when juice is getting low
 - Integrated pressure relief valve, perfect for adjusting to different water pressures around the country

OR

- Front of house Yorkshire Dispensers on risers with drip trays and A7 fruit display cards without the need of a Bravanti Plumbed-In Dispenser - no machine required
 - Just empty the 1 litre carton of our 1+4 100% orange concentrate into dispenser, add 4 litres of water and your good to go!
 - This also reduces packaging versus Tetra Paks by 80%
- Mix and match with our many juice solutions to reduce the overall cost by using our 1+19 premium hydration juices - 21 flavours available! Such as:

Cloudy Apple
150221

Redberry
150211

Multivitamin
150011
